TO WHOM IT MAY CONCERN:

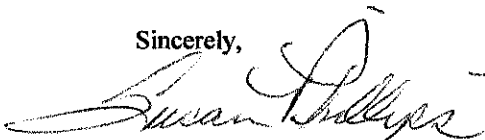

After interviewing several realtors, I decided to have Billy Wynn of ReMax on the Boulevard represent the selling of the Meehleis Family Trust home in Encino this past January. He did a great job convincing me of the skills, tools and down right sales ability he possessed, to get the best price for the family estate.

Since the Meehleis Family Estate was in the over three million dollar range, I wanted a realtor that understood the type of buyer that would be interested and also a realtor who had experience with Family Trust properties. Billy proved competent in both areas.

Most importantly, I really enjoyed working with Billy. He was always helpful, considerate and understanding of my needs and well as my brothers. The house sold quickly and at a fair price and the process was made easier by Billy. He does A+ homework!

I am open to further discussing my recommendation of Billy by phone or e-mail.

Sincerely,

Susan Phillips
