This is to thank you for your assistance in securing the rental of our residence at 3490 Alana Drive. You certainly provided us with prompt and efficient assistance in preparing the home for rental, as well as the actual renting of it, and you provided the peace of mind that our residence was being well supervised. It is very difficult to handle the rental of a residence from a distance, but our lives were made very much easier with your services. We thank you very much for all of the help you provided.
